

# Fields Ertel Road & Butler-Warren Road Intersection Improvements

## Purpose of Today's Meeting

The purpose of this meeting is to present information about proposed improvements to the intersection of Fields Ertel Road & Conrey Road, Fields Ertel Road and McCauly Road, and Fields Ertel Road and Butler-Warren Road in Sycamore Township, Hamilton County, Ohio and Deerfield Township, Warren County, Ohio. This handout provides information about the proposed improvements at the Fields Ertel Road & Butler-Warren Road intersection. The Hamilton County Engineer's Office and the Warren County Engineer's Office is interested in your input and encourages you to provide feedback on the proposed project. Project team members are available at the meeting to discuss the project and answer questions.

Please submit comments by February 23, 2020 so that they may be included in the public involvement summary. You may fill out a comment form at the meeting, email your comments to [todd.gadbury@hamilton-co.org](mailto:todd.gadbury@hamilton-co.org), or mail written comments to:

## Project Description

Hamilton County is proposing improvements to the intersection of Fields Ertel Road and Butler-Warren Road. After obtaining feedback from the public in the April 11, 2019 public meeting, we selected a modern roundabout as the preferred alternative (see back of handout). The improvements will likely shift Butler-Warren Road to line up with 1<sup>st</sup> Avenue. The project will also include curb, drainage improvements, and resurfacing.

## Purpose and Need

The purpose of the project is to reduce congestion and improve safety at the Fields Ertel Road and Butler-Warren Road intersection and to improve system linkage within Hamilton, Butler, and Warren Counties.

## Funding

Hamilton County is the project sponsor with Warren County partnering. Funding has not yet been identified for this project.

## Construction Schedule

The construction schedule for this project has not been determined yet. The maintenance of traffic plan will be developed after selection of the preferred alternative and will investigate part width construction and potential use of a detour.

## Environmental Studies

No environmental studies have been prepared for the project at this time.

## Proposed Schedule

- Start of Design - August 2018
- Public Open House - April 2019
- Establish Preferred Alternative - June 2019
- Stage 1 Submittal – March 2020
- Stage 3 Submittal – June 2020
- Final Design - August 2020
- Anticipated Start of Construction - TBD

## Right-of-Way Purchase

Some new right-of-way may be needed for this project but has not been finalized yet. A right-of-way representative from Hamilton County will contact you as soon as definite information becomes available should the ultimate design of the project affect your property or lands.

County

WARREN COUNTY  
Engineer's Office

**FIELDS ETEL ROAD  
AND BUTLER WARREN ROAD  
INTERSECTION IMPROVEMENTS**

## Previous Public Input

The Hamilton County Engineer's Office held an open house public meeting on April 11, 2019 to provide information and collect feedback on the proposed improvements to the intersections of Fields Ertel Road with McCauly Road, Fields Ertel Road with Conrey Road, and Fields Ertel Road with Butler Warren Road. A total of 99 people signed in as attending the meeting. Comments were accepted at the meeting and for 30 days following the meeting through mail, email, and over the phone. A total of 50 comments were received and 22 of these comments pertained to the improvements at the intersection of Fields Ertel Road with Butler-Warren Road. A summary of comments received for this intersection is provided to the right.

CONCERNS FOR THE INTERSECTION	NO. OF PEOPLE AGREEING WITH CONCERN
Safety	9
Congestion	16
Pedestrian Crossing	5

## Preferred Alternative Selection

The roundabout was selected as the preferred alternative at this location because the roundabout was preferred by the public. The roundabout will also improve safety and reduce congestion.

### Fields Ertel Road & Butler-Warren Road Intersection Improvements

Public Meeting  
January 23, 2020  
5:00 PM to 7:00 PM  
Sycamore Township Fire Department

Use this form to submit your comments at the  
Public Information Meeting or mail the  
comment sheet by **February 23, 2020**.

Feedback can also be provided via email:  
[todd.gadbury@hamilton-co.org](mailto:todd.gadbury@hamilton-co.org)

Name: \_\_\_\_\_  
Mailing or E-mail: \_\_\_\_\_  
Address: \_\_\_\_\_

What are your major concerns for this intersection? ☐ Safety ☐ Congestion ☐ Pedestrian Crossing  
☐ Other \_\_\_\_\_

Comments:

**1. Have you noticed any specific problems with the existing intersection related to traffic, safety, drainage, or anything else that you do not think are addressed with the proposed improvements?**

---

---

---

---

**2. Do you have comments on the proposed design?**

---

---

---

---

**3. Please describe your familiarity and comfort level with driving through roundabouts?**

---

---

---

---

**If more space is needed, please attach additional sheets**

We appreciate your interest and value your input. Exhibits presented at tonight's meeting may be viewed at the following websites: <http://www.sycamoretownship.org> and <https://www.hamiltoncountyohio.gov/government/departments/engineer>
