

## **LASR (LOCALIZED ALTERNATIVE SIGN REGULATIONS)**

---

Once operated by the Hamilton County Zoning Department, Sycamore Township residents voted in November 1998 to establish their own local zoning code and administrative procedures, much like that of the Hamilton County Zoning Department. The change would mean that the Trustees would be making the final zoning decisions in the Township. This new role for Sycamore Township is beneficial to the residents because we will be able to promptly respond to zoning violations and *local people will be making the decisions for our future*. The Zoning Commission is a commission of five Township residents appointed by the Trustees. The Zoning Commission makes decisions on some Planned Unit Developments (PUDI) and LASR's and makes recommendations to the Trustees on Township issues such as Zone Changes, Planned Unit Developments (PUDII), PUD Modifications, and provides feedback for the Township corridor studies, land use plan and specific public interest. Please contact the Planning & Zoning office for the step by step process to file for a zone change, PUD, LASR or Modification to a PUD.

**WHAT IS A LASR?** The purpose of an LASR is to allow for the creation of special signage for large scale land uses, such as shopping centers, office parks, airports, large institutions, universities, medical centers or other uses having multiple buildings.

**HOW DO I APPLY FOR AN LASR OR LASR MODIFICATION?** An LASR or LASR modification may be applied for only after a Zoning Plans Examiner has refused to issue a zoning certificate. Following the refusal of a zoning certificate, if the applicant should choose to proceed with the project, the completed application packet and application fee shall be filed with the Planning & Zoning Department by the date outlined. You may schedule an appointment with the Zoning Director if you have any questions or wish to further discuss details of a case prior to submission.

### **WHAT IS THE COMPLETE LASR PROCESS?**

#### ***1. Pre-application meeting***

The applicant is encouraged to meet with the Township to discuss the proposal.

#### ***2. Submission***

Should the applicant choose to proceed with the process, all required drawings, fees, application, and letters must be submitted by the date outlined. It is the applicant's responsibility to distribute plans to outside agencies for review and comment.

#### ***3. Sycamore Township Zoning Commission***

The applicant and the Planning and Zoning Department present the case before the board. The Township will provide all presentation materials and graphics in a power point presentation. During this time, comments from surrounding property owners may be heard.

#### ***4. Thirty (30) Day Referendum/Appeal Period***

Any decision made by the Zoning Commission in regards to an LASR is not official until a period of 30 days has passed. During that time, the decision can be appealed to the Hamilton County Municipal Court by a surrounding property owner or the applicant.
